Email: sebo@sampe-europe.org

SAMPE EUROPE INTERNATIONAL CONFERENCE, SEICO 07

The SAMPE Europe International Conference is one of the foremost events in the Technical Conference calendar associated with Advanced Materials and Processes. Whilst polymer composites are a strong theme, SEICO 07 will also focus also on a wide range of other materials and technology applications, including Energy Generation, Energy Exploration, Energy Transportation and Distribution, and how to save Energy resources by taking advantage of the inherent weight reduction possibilities of "Advanced Structures" compared to those manufactured with conventional Materials and Technologies.

SEICO 07 IN COOPERATION WITH JEC COMPOSITES SHOW

- ◆ The SAMPE Europe SEICO 07 will be opened 1 day ahead of the JEC Composites Show. 2007, to held at the Paris EXPO Complex Porte de Versailles,
- ◆ The partnership between JEC Composites and SAMPE Europe has existed since. 1997. SEICO 07 attendees will get free entry to the JEC Composite Show 2007.
- ◆ SAMPE Europe SEICO 07 Conference brings Leading Edge Materials and Process Technology alongside JEC Composite Show, creating the prime business forum for Composites in the World.
- ◆ JEC Composites Show 2007 expects more 1,000 exhibitors covering a stand-area of > 40'000 m², and will attract some 25,000 visitors from all all over the world. For full details of the show and exhibition space please contact:

JEC SA, 19, Boulevard de Courcelles, F-75008, Paris France
Phone: +33 1 58 36 15 01, Fax +33 1 58 36 15 15
E-mail: info@jeccomposites.com
www: jeccomposites.com

TECHNICAL EXCELLENCE AND "WORLD LEADING FORUMS"

- ◆ The SAMPE Europe SEICO 07 will attract over 400 participants from all over the world with a choice for of full three-days - or for one or two day registration.
- ◆ SEICO 07 will be setup on parallel sessions with more than 80 expert papers to be grouped into specialist sessions – plus Panel Session to be given by recognised experts in their fields.
- ◆ A Key-note presentation by a world leading authority.
- ◆ Presentation of major European research projects on composites by industry and research institutes.- & presentation of a Student's Sessions based upon the annual organized SAMPE Europe Student's Conference with approx. 20 invited attendees.

SAMPE EUROPE INTERNATIONAL CONFERENCE, SEICO 07

SEICO 07 THEME

The defined theme "**The Use of Composites in the 21st. Century to save Energy and Weight**" will be linked to the process and material characteristics of leading edge performance and cost effectiveness in Aerospace & Space, Energy Generation and Exploration, Energy Transportation & Distribution, Automotive, Marine, New Process and New Material, Marine, Infrastructures, Defense, NDT and Repair Aspects.

TOPIC AREAS include:

AIRCRAFT & SPACE

ENERGY EXPLORATION

ENERGY DISTRIBUTION

NEW PROCESSES AND MATERIALS

MARINE

ENERGY GENERATION

ENERGY TRANSPORTATION

**OPTIMISATION OF USE OF
ENERGY**

AUTOMOTIVE

INFRASTRUCTURES

Paper Presentation and Documentation

All papers will be presented in **English language**. The proceedings of SEICO 07 will be processed on CD Rom and are an integrated element of the SEICO 07 registration.

SEICO 07 Conference Lunch on Monday, April 2nd 2007

Seico 07 attendees will enjoy Lunch to be served on Monday, April 2nd, 07, at the Conference Hotel MERCURE Paris Porte de Versaille Expo, as an integrated element of all registrations made for that day. By this arrangement, SEICO 07 attendees can stay the whole day in a relaxed situation at the Hotel MERCURE to enjoy the papers and to meet with other participants in an informal atmosphere.

SEICO 07 Conference GALA DINNER

SEICO 07 GALA Dinner will be held on April 2nd, 2007, 20.00h pm in a well selected Restaurant in Paris. Attendees for the First Day will get an Invitation Access Card as an integrated element of their SETEC 07 registration.

SAMPE EUROPE INTERNATIONAL CONFERENCE, SEICO 07

LOCATION

The Conference will be held at the Hotel MERCURE Paris Porte de Versailles Expo, which is in walking distance to JEC Composites Show 2007. There will be a free of charge Shuttle Bus Service service operating on Tuesday and Wednesday, April 3rd and 4th from the Hotel MERCURE to the Main Entrance Gate of JEC Composites Show, starting at 08.30h am to 17.00h pm, to ease going between the two sites.

The Paris Expo Complex is reachable by frequent Metro Line 12, and Public Bus Services, linking Paris Expo Complex to the Paris City Centre and Airports. The Porte de Versailles Area offers a variety of Hotels, Shops, Restaurants and Stores and is easily accessible by car with convenient parking facilities within the Paris Expo Complex.

HOTEL ACCOMMODATION

For your Hotel Reservation please contact ATI Congrès Organisation, offering you hotel facilities in all categories, at JEC / SAMPE EUROPE preferential rates near Paris Expo Porte de Versailles or in other areas of Paris. For further informations please contact :

ATI Congrès **Phone | 33 1 47 27 15 15 – Fax | 33 1 44 0501 48**
e-mail : jec2007@ati-abotel.com - Website: www.atijec2007.com

TRAVEL ASPECTS

AIRFRANCE Will offer special fares to Paris. The respective booking code will be published with the Preliminary Programme SEICO 07 in early 2007..

PRELIMINARY PROGRAMME SEICO 07 / Registration Fees

SAMPE Europe will publish the Preliminary Programme of SEICO 07 with Registration Forms in January 2007 and include this publication in the Home Page of SAMPE Europe (www.sampe-europe.org) and of SAMPE International (www.sampe.org)
Registration Fees for SEICO 07 remain unchanged from SEICO 06 !

If you like to received the Preliminary Programme dispatched to your mailing address, please get your relative informations transmitted by **e-mail to:**

sebo@sampe-europe.org
